Improving Housing
Increasing Homeownership
Investing in the Future

January 2014 –Newsletter

Yes, It is True!!!

You may have heard that the Central Nebraska Housing Developers and the Central Nebraska Economic Development District have created a formal alliance to provide a holistic approach to community, housing and economic development programs and services.

Well, it is true. As of January 17, 2014, Judy Petersen assumed her new role as Executive Director of the Central Nebraska Economic Development District, and housing will continue to be an integral part of the programs and services that will be delivered to Central Nebraska. An experienced team has been assembled to provide quality programs and services to the region.

Housing, Community and Business development are three very important components of successful communities, much like a 3-legged stool. If one leg of the stool is weak, a community can struggle to be sustainable for the future.

You will still continue to receive monthly newsletters from CNHD regarding housing; but you will also begin to receive monthly newsletters from CNEDD with respect to business and community as well.

CNHD and CNEDD are both excited to partner with you to enhance the viability and sustainability of your county and community. If you have ideas for your county or community, just give Judy a call at 402-340-0106.

CNHD Offers Housing Grant Assistance to Communities

While CNHD applies for housing program funds offered on a regional basis, we also partner with communities to write housing grants that are tailored specifically for cities and villages. The 2014 grant cycle has just begun, and now is the time to start your application. We have assisted communities to receive grants for new construction (rent and sale), owner-occupied rehabilitation, homebuyer activities (including down payment assistance). Call today to learn how CNHD can help your community receive your own community housing grant funds.
