## **Special Events / Opportunities Seized**

### **☑ Country Clover Estates Completed**

*On June 12, 2009, a Ribbon Cutting Ceremony was held, with Governor Dave Heineman as the keynote speaker, along with other state dignitaries and partners, to celebrate the completion of Country Clover Estates in O'Neill. Country Clover Estates now has eleven (11) new CROWN (Credits-To-Own) rent-to-own units and two (2) new model DPA homes completed, with six (6) remaining lots for additional DPA and Market Rate homes. These new, energy-efficient, green-built certified homes were built to meet the growing need for housing by the O'Neill area's diverse workforce. Once a vacant lot sitting on the edge of town, with little infrastructure and generating no income for the city, this subdivision is now paved, lighted, includes an outstanding playground for Country Clover Estates children, and generating income for the City. The final CROWN home was leased during the summer of 2009.*

### **☑ 2<sup>nd</sup> Annual Central Nebraska Regional Housing Conference**

*This housing conference, held in Ord in June of 2009, brought 45 area leaders to the conference to learn about funding resources available for housing projects in their communities. The theme of the conference was "Show Me The Money – Rounding Up Housing Funds", with Gary Person from Sidney the keynote speaker. Gary Person, and speakers from Hastings, Lincoln, and Kearney, shared the importance of commitment to improving your communities, as well as success stories on Tax Increment Financing for Housing, Employer Assisted Housing programs, Communities Investing in Themselves, USDA Rural Housing Programs, and State and Federal Housing Programs. This annual housing conference continues to be well received, providing valuable information to Central Nebraska leaders.*

### **☑ Program Income Administration**

*CNHD has been hired by the following counties/communities to provide general administration services for their ongoing housing program income received from previous grants: Village of Stuart, City of O'Neill, City of Sargent, Wheeler County, and Custer County. We have been assisting the City of Ainsworth for the past 18 months with this endeavor, and look forward to serving all of these communities as they continue to provide housing funds in their areas.*

**CNHD Organizational Assessment**

*CNHD was honored to be selected by the Nebraska Department of Economic Development as one of four state housing organizations to undergo an Organizational Assessment by Neighborworks America, a national housing organization funded by Congress. This assessment covered a variety of areas, including: Policies and Procedures, Financial, Board and Staff, Corporate Organization, Resource Development, Marketing, Strategic Planning, Real Estate Development/Management. Ellen King with Neighborworks America gathered preliminary information about the organization, then conducted a 3-day site visit, meeting with CNHD partners, board and staff. We are looking forward to receiving the final report sometime in January 2010. We anticipate that the final report will tell CNHD what we're doing well, and some areas that need to be addressed to prepare our organization for continued growth and success.*
